Citrus ① Thanks for reading Citrus volume 1!!

Citrus! I can't believe how fast we're at the first volume already!! >_<

It's all thanks to everyone's support I was able to get here!

Thank you!! Thank you!!!

Thinking only of girls all day makes me really happy!

Yuzuko and Mei's love is still in its early stages, but I am really enjoying myself with them and also Harumin and everyone else.

I will continue to look over them with much joy. ^^

...Let's up the flirtiness (says my heart).

I hope we will meet again in their future.

--♡ Special thanks ♡--

Umezawa-sama, Kawatani Design-sama, Fujiwara-sama, Godsend-sama, Endou-sama, Partner-sama, Sushi, (M)

And...

Everyone else who has supported Citrus!!

Thank you very much!!
